whom escaped in safety. The above photograph, showing the still smoldering ruins soon after the walls collapsed, was taken by an army air service photographer.

ADMIRAL SIMS CONTINUES HIS TALES OF WOE

Unity of Command Was Recommended By Him in July, 1917, He Says.

(By Associated Press)

Washington, March 17. — Unity of command of the Allied and American naval forces now overseas, similar to that which afterwards obtained on the western front, was recommended by him to the Navy Department as early as July, 1917, but was not approved. Rear Admiral Sims today told the Senate committee investigating the Navy's conduct of the war.

The Admiral said that effort to direct a large force of American ships and men by cable and letter from a point three thousand miles away gave too many opportunities for misunderstanding of messages and for their interception by the enemy.

The Kapp administration at Berlin realizing the futility of attempting to hold the reins of power has decided to give up its short lived dictatorship. At one o'clock this afternoon Chancellor Kapp decided to resign, according to official advices from the German capital.

The forces of extreme radicalism are asserting themselves at various points. There are increasing spartan disorders and growing talk among the radicals of the possibility of utilizing the present disturbed conditions for establishing a soviet government.

The list of killed reported from numerous German towns and cities in clashes between demonstrators and troops is mounting into the hundreds and fighting is continuing.

There has been no direct confirmation of last night's report of 400 killed in a bombardment of Kiel by a warship, but there are apparently veracious reports of 100 killed and 300 wounded at Dresden, probably more than 100 killed in Berlin and suburbs and killing of from six to a score of persons in others of the 24 or more German centers where clashes have been reported.

Expressions of confidence in the speedy restoration of the Ebert government to complete control come from the headquarters of that government in Stuttgart. Minister of Defense Noske is quoted as saying he expects with the aid of his troops to secure return of normal conditions within a few days.

COURT UPHOLDS NEW AUTO TAX LAW OF STATE

Auto Owners Must Now Obtain
Licenses Without Further
Delay.

Columbus, O., March 17.—The supreme court yesterday unanimously upheld the constitutionality of the graduated auto tax law passed last December.

Secretary of State Smith said he would issue an order at once requiring auto users to have 1920 tags within 10 or 15 days. Thus far they have been using the 1919 numbers.

While the law provides the fee after April 1 shall be 75 per cent of full price, Smith said all persons who have used their car since Jan. 1 with the old tags will have to pay fees as of Jan. 1.

Several hundred thousand tags have been distributed over the state and are ready for issuance today. The state department has 100 local distributing agents, at least one in nearly

every county. Application may be made at these places or at state registration office, Wyandot Building, Columbus.

While the law was effective Jan. 1 it was held in abeyance by Smith pending litigation through the courts. The Ohio State Auto Club contended the law was contrary to state and federal constitutions relating to due process and equal protection of laws discriminatory in exempting road rollers, traction engines, tractors and horse-drawn vehicles, that it is a license measure for revenue purposes and that the tax exceeds the value of the privilege to use highways.

The new tax is expected to aggregate \$7,500,000, half of which goes to the state and half to the counties in which it originates.

The old fee was \$5 for autos or trucks. The new tax is \$8 for passenger cars of 25 horse power or less, \$12 for from 25 to 35 horse power and \$20 for more than 35 horse power. For trucks an additional fee of 20 cents each 100 pounds weight of vehicle and load (carrying capacity) is charged.

ALL THINGS SET FOR BANQUET

An enthusiastic meeting of committeemen of the Fayette County Fish and Game Association was held Tuesday evening at the courthouse and all particulars pertaining to the big banquet on Friday evening were taken up and settled; Grant Coffman as head waiter, promised to have his men on the scene at the proper time and fully equipped; an adequate number of chairs was secured, and the reception committee was strengthened by the addition of several new members.

Secretary Rankin stated that an order for \$150 worth of fig pudding for the dessert had been placed and that this one item alone had cost several times as much as the first annual banquet of the Association in 1913 when the bill for the entire affair totaled \$35.00. Attention however was called to the fact that the membership at that time was eleven members. C. A. Cave was president.

An order has also been placed for 1000 pounds of fresh caught fish; they are not the cold storage variety but will be fresh from the water.

Parker's Orchestra, with Parker himself, has been enhanced by the word Nolin Hathaway has received from the jazz king; besides his own personal staff of musicians he is bringing along some vocal artists for the occasion.

STATE INSPECTOR EXAMINES RECORDS

J. C. Brister, state inspector of the Automobile Department with headquarters at Columbus went over the books of the Fayette County Automobile Club Tuesday with a view to ascertaining in what matter the club was taking care of the issuance of licenses. Inspector Brister stated after a thorough examination of the books and records that the local club had its records in a more intelligible and complete form than any other club he had visited in the state. He was particularly pleased with the mode of issuing licenses.

It was stated by the inspector that the state administration would be more strict with the coming in of the new law and that a corps of state inspectors was being formed who would patrol the state and see that no violations of the graduated tax were overlooked.

WELCOME STREET REPAIRS PROPOSED

Citizens generally in the English Addition are welcoming the prospect of early improvement of Rose Avenue from the intersection of South street to the plant of the Washington Metal Products Company.

At the present time the street is little more than a drive across fields of mud, almost impassable, unsanitary and of little value to the abutting property.

Under the plan to grade and macadamize the street the abutting properties will be much more desirable, and vacant lots will be in demand for home sites.

Maybe You Have a 100% Boy in Your Home—We've 100% Clothes for Him

He'll probably come home tonight with his pockets crammed full of marbles that he won. Or he'll burst through the door his face aflame from the race home from school, or whiz up and down the street on roller skates? Always on the go. Always doing something—and usually it seems he picks out the very things that do the most damage to his clothes.

Too bad? Oh no! That's the spirit of boyhood! Practical, business men, Bank Presidents and statesmen are made of stuff like that. And who doesn't look upon his boyhood days as the best part of his life?

These suits are made to withstand the strain of everything a real boy does.

The pockets are strong—the fabrics are durable and not easily soiled. The buttons won't fly off when he yanks his coat open with a jerk—they keep faith with the boy. The styles are attractive, they fit; they're some of the most serviceable clothes made.

VISITING DEPUTY MUCH SURPRISED

While Deputy Sheriff Morrow Brant of Lebanon, was in this city on business, Tuesday, he expressed great surprise when he entered the Sheriff's office and discovered water pouring through the ceiling and into receptacles placed upon the floor, as well as flooding the floor itself.

It was explained that the leak had been growing worse for years, and that to date no determined effort had been made to stop the leak. During rainy weather the sheriff's office can hardly be occupied because of the leaks.

Attention also has been called to the bad condition of the cornice about the second story of the building, which is rapidly decaying because of water pouring through the covering over it.

The commissioners have announced their intention of making repairs in the near future.

We Are A Rich People

When riches are spoken of in these times, unless a specific kind of wealth is mentioned, we, unfortunately, conclude that the reference is to money—dollars and cents wealth.

Too often we accept without thought, as a matter of fact the wealth of blessings this nation of ours enjoys and look only to the material things.

Treasury officials and revenue collectors estimate that the income tax payments, made on and prior to March fifteenth, including, for the most part, only the first installment or one-fourth of the yearly income tax, will aggregate about nine hundred million dollars—almost a billion dollars paid by the American people as one-fourth of the annual payment on the cost of war. That means nearly four billion dollars annually from that one source alone and the American people pay it without manifesting any inconvenience.

The only objection to the income tax seems to be directed to the intricate form which the government officials have adopted as the means by which the individual must exhibit his financial status and business operations in order that his proportion may be ascertained.

It seems that if a simpler form could be adopted there would be no objection to the income tax at all, so easily are the people able to pay it. Indeed more than one business man has expressed a desire to pay it all off at once and have an end of it.

Just a few short months ago when we were plunging ahead regardless of cost into war expenditures we talked in terms of billions and hundreds of millions with very little concern about pay day. We were then having it all charged.

Now we are paying off the debts incurred in the reckless extravagance of war. We are solvent. We have the money and the people are paying as readily as they incurred the debts—paying at the rate of near billions at a time. This is money too—"the natural cash"—as we understand the check and draft methods of today's business world.

With the proceeds of this quarter's collection of income taxes nearly three-quarters of a billion dollars in treasury notes indebtedness is to be blotted out.

When we realize the wealth in dollars and cents which the people of the United States possess, we are justly proud. We begin to realize now what these vast sums in dollars and cents mean. We are rich. We know that. Rich in material things. We can get that, but how much richer we are in the blessings which are above price too many of us fail to realize, too many of us fail to even give a passing thought and accept as a matter of course.

We are rich. But, after all, even in the light of the present stupendous financial transactions and the insight we are getting into the finances of war, we fail to realize the greatest of all the wealth we possess.

Will Bear Watching

The world is not disposed to accept as a guarantee for future peace in Germany, nor as an assurance that that nation purposes to adhere to its declared renunciation of the old regime of the war lords, the announcement from Berlin that the contending forces, the reactionaries under Kapp and his associates and the more progressive elements under the leadership of Ebert and Noske and their associates, have adjusted their disputes and agreed upon a government combining in control representatives of the warring factions.

Indeed any developments which give to the old Prussian junkers and imperialists any voice in or control of the government is just cause for alarm and is so regarded by the people of the allied nations.

The representatives of the old order which led Germany to ruin and plunged the world into war cannot be in sympathy with any faction or any form which excludes them from control. Compromise of any demand—any give and take agreement—in fact the recognition of the rights of the nation as even worthy of consideration where in conflict with their imperial will and insatiable greed is beyond question.

When they announce satisfaction it means that they have secured all and when they have secured all there is nothing remaining for the people.

The world will be and the German people should be suspicious of any compromise agreement satisfactory to the old regime. They seek control and will be satisfied with nothing less.

THE ONE COUNTRY

The World is a-sayin'
To the heart o' you:
You're right in the country
Where the dreams come true!
"Needn't ever roam
From the sunny land of Home—
You're right in the country
Where the dreams come true!"
Future is a-callin',
But it's tellin' of you, too;
"Home is the country
Where the dreams come true!"
O you needn't ever roam
From the sunny land of Home;
It's the one bright country
Where the dreams come true!

BLOOD KILLS DISEASE GERMS

Pure, Healthy Blood Destroys Germs
Removes the Waste Tissues and
Rebuilds Bone and Muscle.

If Your Blood is Weak, Don't Delay

Take Gude's Pepto-Mangan, the Red
Blood Builder.

In your body are two gallons* (more or less) of blood, which is constantly at work keeping your system free of germs removing the waste tissues and building up new strength in bone and muscle.

This blood must be healthy or your resistance to disease and fatigue will be lower, you will lose weight, and both body and mind will have less vigor.

For building up blood weakened by overwork, illness or other causes, Gude's Pepto-Mangan, for years prescribed by physicians, is now generally known as a prompt and harmless tonic.

Gude's Pepto-Mangan soon produces marked beneficial results. The tired, worn-out, run-down feeling disappears. And in its stead a vigorous wholesomeness and happiness proves that the blood has been supplied with the sorely needed richness to supply the entire system with renewed strength.

When you buy Pepto-Mangan at your druggists, be sure the name "Gude's" is on the package. You can get it in either liquid or tablet form. If the name "Gude's" is not on the package it is not Pepto-Mangan. — Advt.

The World's Largest Production of Tires on the Smaller Cars Alone

We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread.....\$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread.....\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water.....\$4.50 proof bag.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. H. B. Dahl, who entertains often and most charmingly at the small, intimate affairs, always specially pleasurable, brought together on Tuesday afternoon close friends of two very attractive honor guests, Mrs. Joseph Donnell, of Chicago. Mrs. Donnell's handsome little son, Stutson, was also around whom interest centered.

The afternoon was one of sociability and completed with the serving of a collation of delicacies in the dining room. The table was lovely, lighted with pink candles in crystal sticks and having as its center piece an exquisite mound of pink sweet peas and maiden's hair fern.

The three daughters at home, Misses Fanny, Nina and Mary, assisted in the hospitalities.

The guests with Mrs. Simpson and Mrs. Donnell were Mesdames Frank L. Stutson, Bertha S. Miller, R. S. Quinn, Robert Howat, S. E. Boggs, Calvin Holmes, Willard Willis, Daniel H. Van Winkle, James Ford, Fred Creamer, C. H. Griffin, Ray Maynard, Frank C. Parrett, H. E. Daugherty, H. Renick Boggs, Bertha Nichols, New York, Misses Florence Ustick and Jean Howat.

Mrs. Orville Borton, of Draper street was given an enjoyable surprise, Tuesday evening by neighbors and friends in honor of her twenty-sixth birthday. Mr. Borton was sponsor for the evening, and had so carefully planned every detail that his wife, who upon returning from a visit with a friend, was surprised to find the guests awaiting her with well-filled baskets for a delicious supper.

Mr. Borton was assisted by Mrs. Samuel Minshall and Mrs. Reynold Davis.

The remainder of the evening was given over to dancing.

Those present were: Misses Thelma Borton, Sarah Mae Finney, Margaret Marilyn and Louise Minshall, Gladys and Bernice Lemons, Messrs. Ward, Grover and Henry Daniels, Alonzo George Jess DeWees, Thurman Ruth Ralph Smith, Isaac Findley, Mr. and Mrs. Edward Lemons, Mr. and Mrs. Reynold Davis, Mrs. Samuel Minshall, Mrs. Maude Vincent.

The old fashioned dance Tuesday evening given in the hay mow of the fine new dairy barn, with all modern equipment on the farm of Mr. J. Rankin Paul on the Lewis pike, proved a delightful affair and quite out of the ordinary. It was the first time in years, there had been a barn dance in this community and people came from all parts of the county.

A two piece orchestra, fiddle and banjo furnished excellent music for the popular square dance with its different figures and sets. Waltzes and two-steps were also on the program, and a merrier crowd never participated in a dance.

Refreshments were served. Mr. Earl Gault, who farms with Mr. Paul had the affair in charge.

The Household Economics Department of the Browning Club presented the last program of the year Tuesday night, following the opening business session conducted by the President, Mrs. V. J. Dahl.

Mrs. Dinah Parsinger, Vice Chairman, presided and also gave a delightfully original and entertaining paper on "The Effect of French Styles Upon Other Countries."

The writer outlined the methods used by French style artists and gave insight into the development of their models from historical events. She also treated especially of the effect French modistes have had upon American style, adding that We Americans are just as able to design as the French are to do it for us. In all emergencies we have shown ourselves able to cope with them as in the late war.

Mrs. Mary Duff introduced the program with very interesting current events, which aroused quite a little enthusiasm.

Mrs. A. M. Bush read a paper—and she read it exceedingly well too—that had been sent in from California by Mrs. Ada Jones of the History Department. The paper was to have been given earlier in the year, but was none the less enjoyed. Mrs. Jones is an able writer and the large amount of condensed information of her splendid paper was appreciated doubly from the effort she made to write it while in the west. She treated of "German Peace Terms in 1871" and "French Peace Terms in 1919".

Introducing her paper Mrs. Jones said, "In tracing causes for success or defeat in an individual it is generally necessary to go back to his ancestry or history of his early life and study the underlying principles which brought success or defeat. It is so with nations. You go back to previous history and you always find a cause for every effect."

In comparing these two treaties, Mrs. Jones recalled how from time immemorial Europe has been a hot bed for internal feuds. Every race, every nation at some time has been the oppressor or the oppressed.

Whenever an individual or a nation resorted to bloodshed, murder and all the crimes in the calendar in order to satisfy desires, a pretext for war was always furnished. The Franco-Prussian War and the World War were no exception to the rule.

"The victories of Prussia over the Austrians in 1866 led France to believe that on her Eastern frontier had arisen a military honor by which her influence, if not her existence was threatened. It was only a question of time until there would be a struggle between the Germans and the French. Alsace Lorraine was a perpetual cause of strained relations. For centuries it was the battle ground of two great powers."

The dreams of world power and maneuvers of those in power in France and Germany, with the conflicts and complications they involved were sketched with a clearness which revealed much study and gave new insight into the purposes and meaning of these treaties."

Miss Helen Teeters favored the club with two beautifully played piano solos.

The Masonic Social Club will give one of their dances and social evenings at the club rooms Thursday night. There will be good music and a good time.

The Ceciliaans held their last program of the year, Tuesday afternoon, in the Federated Club rooms. It was a MacDowell program. Some of his most beautiful compositions were given appreciative interpretation, and their beauty much enjoyed. There were also several attractive numbers brought up from other programs. The following numbers were rendered:

The natal anniversary of Mr. J. Bruce Mark, of Glendon, which occurred March the sixteenth, was honored with a birthday party Tuesday night which was one of the most delightful affairs of the kind ever carried to successful completion.

Mrs. Mark had made all the arrangements to surprise Mr. Mark at their home, but while the surprise was complete, the bad condition of the roads necessitated a change in plans at the last moment and the affair was transferred by the cordially extended invitation of Mrs. Roy Sollars, to her spacious home on the brick road in the same neighbor.

The roads also prevented a number from attending, thirty-five guests responded and the evening was as merry as possible, with congratulations showered upon Mr. Mark and music furnished by the Brunswick machine.

St. Patrick's suggestions were prettily used in the tempting luncheon served by Mrs. Mark, who was assisted by her daughter, Mrs. Bruce King and son, Harold. Mrs. Sollars and her two daughters, Charlene and Georgiana.

Mrs. Fuller Hess is down from Columbus spending the week end with her father, Mr. W. W. Millikan and sister, Mrs. L. G. Spragg.

Mrs. Robert Howat and daughter, Miss Jean, are guests of Mrs. Samuel Hoskins in Columbus, while attending the State Conference of the D. A. R.

Charles H. Allen, Russel Flee and Warren Baker motored to Wilmington for the basket ball games Tuesday evening.

Mr. Raymond Dawson, who was called to his home in Newport Ky. by the serious illness of his father, returned Tuesday to resign his position with the C. S. Haver Drug Store, with which he has been associated since 1916. He does this in order to be near his father and has accepted a position with the Liggett Drug Co., who are opening a chain of stores in Cincinnati. Mr. Dawson will be Fourth Registered Pharmacist of this chain, and leaves Sunday to take up his new position, the first of the week. He has made many friends, both business and personal while in Washington, and while his departure is attended with all good wishes, it is also accompanied with much regret.

Mrs. Frank Kennedy is spending a couple of days at the Statte Conference of the Daughters of American Revolution in Columbus.

Miss Fannie Persinger spent Wednesday in Columbus for the D. A. R. Conference remaining over until Thursday.

Mrs. Joseph Hidy went to Columbus Wednesday to remain over until Friday for the Daughters of American Revolution Conference.

Miss Emma McFarlan who has been the guest of her sister, Mrs. A. Clarke Gossard, and Miss Maxine Kibbler since Friday returned Wednesday to her home in Springfield. Miss McFarlan accompanied Miss Kibbler to Wilmington Tuesday evening for the Basket Ball game.

Miss Opal Groat, of Bloomingburg, and Miss Dorothea Storts of Madison Mills spent the week end with Miss Louise Boyer to attend the play given at Jeffersonville by the Midway High School.

Mr. J. Trobridge, of Columbus, has been the guest of Mr. C. H. Griffin this week.

Mr. Robert Sites underwent an operation at Grant Hospital in Columbus Monday, Mrs. Sites was with him Monday and Tuesday.

Mr. and Mrs. Joseph H. Harper left Wednesday for Akron to be the guests of their daughter, Mrs. Vivian F. Crawford over Sunday.

MAN ARRESTED WANTED HERE FOR FORGERY

As a result of efforts to locate "Albert Smith," alias J. H. Smith, alias "J. H. Waddell," who passed worthless checks on Lawrence Flescher and George Melvin of this city on last Tuesday a week ago it has developed that the man is wanted at Zanesville and Utica on the same charges.

Deputy Sheriff A. C. Nelson received word Wednesday afternoon from J. S. Shidlar, chief of police of Newark that J. H. Smith had been arrested in that city and turned over to the Zanesville police where he is wanted for forgery.

On March 9th, Smith, who is a fireman on the B. & O. was in the Bradley Cigar Store in this city and feigned sickness; he asked to have a check for \$20 cashed and Lawrence Fletcher, who was standing near volunteered the money. The check was on a Chillicothe bank. Smith later asked George Melvin, taxi man, to drive him to Columbus; Dave Miller drove Smith to Columbus and charged him \$20. Smith gave Miller a check on the Peoples and Drivers Bank for \$22, saying that the two dollars was a tip for Miller. The name of Albert Smith appeared on both checks, but as Smith was known to both men he was not doubted.

Flescher and Melvin will file charges and an attempt will be made to bring the man to this city for justice. It is understood that the charges facing Smith at Zanesville and Utica are also for passing worthless checks.

Word from the Newark chief of police stated that when Smith was arrested he was riding on the railroad.

S. N. BROWN BURIED AT BLOOMINGBURG

TEAMS VICTORS IN TWO GAMES AT WILMINGTON

Washington Varsity Takes Game From Wilmington High in Landslide Rush In Second Period.

Varsity Girls Defeat Wilmington Girls For the First Time.

When the 10:17 B. & O. came into the union station Tuesday evening from Wilmington it brought with it two squads of basket ball players returning to their home town after handing defeat to Wilmington High School in a double dose. There were also two happy coaches in the bunch of athletes, Coach Charles Moorehead who had coached his team to 29 to 17 victory over the Wilmington boys and Miss Minnie Gray who had so instructed her girls squad that they were able for the first time in the history of the two schools to win a victory over a girls team representing Wilmington High School.

Moorehead's men easily outclassed the Wilmington Varsity on their own floor and took the game 29 to 17. Both squads were evenly matched in the first half and the period ended 13 to 12 in the Washington side of the contest.

Only a few minutes after the second period started Wilmington saw all hopes of taking the game go down in a landslide with ten points scored by the Blue and White in as many plays. The Washington Varsity worked like a well oiled machine and the game was soon safe.

GIRLS WIN VICTORY.

For the first time in the history of the two schools Washington Varsity girls were able to defeat a Wilmington girls team. It was coincident that Washington High won by the same score that Wilmington defeated the Washington girls a couple of weeks ago on the local floor. Two baskets were the only counters that the Wilmington forwards were able to get in their baskets through the intricate maze supplied by Miss Dorothy Dick and Miss Florence Bliss at the guard positions for the Blue and White. These two baskets were made in the first half; in the second half the score made by Wilmington was represented by a zero.

Miss Maxine Kibbler was the leading scorer of the game and pitched in four field goals. Miss Thelma Marchant her co-worker, made the fifth goal. Miss Kibbler missed but a few chances for the basket and outshone the Wilmington forwards, who are

YOUNG WOMAN SAYS TANLAC IS GRAND

Miss Mabel S. Deschanes is Now An Ardent Champion Of Tanlac, Since She Began Using It A Few Weeks Ago.

Miss Mabel S. Deschanes, a popular and attractive young woman residing at No. 7 Bartlett Street, Lewiston, Me., is now an ardent champion of Tanlac, since she began using the medicine a few weeks ago.

"I prize Tanlac above every other medicine, even that which was prescribed for me," said Miss Deschanes in relating her experience recently. "I dislike publicity, but there are so many others who, no doubt, suffer as I did. I feel that I ought to tell them about it."

"I had been a great sufferer from indigestion and had been under the doctor's care for six months without relief. At the time I began taking Tanlac I was on a very rigid diet and at times could not retain food of any kind. Even cold water would cause extreme nausea. I suffered from loss of appetite, severe cramping pains after eating and extreme nervousness."

Finally my condition got so bad I simply had to give up and go to bed until I got relief. I was unable to go down town to do my shopping and although I had been under treatment for six months, three seemed to be no relief for me. Honestly, I don't believe I would be alive now if I hadn't gotten Tanlac, for I was suffering terribly and getting worse all the time.

"Finally my sister persuaded me to try Tanlac. I improved from the very

MISS MABEL S. DESCHANES,
Popular Lewiston, Me., Woman

first and one bottle did me more good than the six months' treatment. Why, I actually gained four pounds in weight while taking this one bottle. I have now taken four bottles and I feel just like a different person and am eating just anything I want; in fact, every thing seems to agree with me perfectly. I am now able to do my shopping without becoming fatigued in the least and am no longer nervous like I was.

"Tanalac is simply wonderful, and I can not praise it too highly."

Tanalac is sold in Washington C. H. by C. S. Haver and in Jeffersonville by J. B. Davis—Advt.

MEETINGS PROGRESS WITH MUCH INTEREST

The two-weeks meeting at the First Presbyterian church is progressing with growing interest, the disagreeableness of Tuesday night not preventing a good attendance, which included a delegation from the McNair Memorial Church.

Dr. H. N. Faulconer, whose powerful sermons are already bringing results in awakened spiritual interest, was associated with Dr. J. Wilbur Chapman in a wonderful Boston revival and Dr. Chapman's official record said of him: "Dr. Faulconer, our evangelist, by his sane, forceful and sweet spirited messages, swept away all prejudices and inspired a desire to know Christ."

Dr. Faulconer brings to his work the pleasing personality of the true Kentucky gentleman and is a remarkable evangelist in his convincing sermons and Bible readings while entirely free from sensationalism.

Wednesday night is I. O. O. F. night and all Odd Fellows are cordially invited to attend.

Thursday night is Bloomingburg night and a large delegation is expected from over there.

Friday night will observe "Young People's Evening," a special invitation being extended to the young people of the High School.

Tuesday Night. Tuesday night's services were opened by the pastor and Rev. Ferguson again took charge of the singing and contributed a much enjoyed solo.

Rev. Faulconer presented the subject of "Paul's Conversion," taking as his text Acts 9th, 1st to 20th verses. The sermon briefly outlined as follows:

The first glimpse we get of Saul is in the closing verses of the 7th chapter of Acts, when he consented unto the death of Stephen. In the opening verses of the 8th chapter we

find him as bitter as ever, playing havoc with the church.

We next find him on his road to Damascus to persecute the Saints, on this journey he was arrested by a message and vision from heaven.

Saul, Saul, why persecutest thou me?

In persecuting the Saints, you per-

secute Jesus. He is so closely related to them that you can never touch them without touching Him.

How quickly Saul responds up the question "Who art thou Lord?" Notice the answer! "I am Jesus." The very name he despised, but it conquered for immediately he sent another question "Lord what wilt thou have me to do?" He is led into the full light by Ananias.

The minister impressed that the blessings of God usually reach the people through personal workers and urged each of his hearers to find out what the Lord has for him to do and do it with all his might.

CAMBRIDGE LADY SPENT SIX WEEKS IN A HOSPITAL.

Was operated on for Tumor; been treated by best physicians in county, but seemed no one understood her case.

Has taken two bottles of Drecto and declares she is regaining her health very fast. Weight increased six pounds.

"I spent six weeks in a hospital, and underwent an operation to remove two tumors; have had the best medical treatment that money could procure, but I did not seem to regain my health," writes Mrs. Clyde Stewart, of Route 7, Cambridge, O. "I read about a Zanesville man who got such great relief from the new medicine, Drecto, so bought two bottles of it and started the treatment. Those two bottles of Drecto have done me more good than anything else I ever did. I have a good appetite now; sleep sound; have gained six pounds in weight. Drecto has been such a help to me after those years of suffering that I ought to tell my experience so that it may lead some suffering person to use this grand medicine."

There are many cases on record where Drecto has helped sick and suffering persons after all means had been exhausted. While Drecto is not a "cure-all" by any means, it is a plain, common-sense remedy made from the juices of roots, herbs, barks and leaves which act on the vital organs, toning them up so that they perform their duties as Nature intends they should. That is why Drecto is so successful. Drecto acts on the stomach, liver, kidneys, bowels and purifies the blood.

All good druggists sell Drecto and it is highly recommended in this city by

The Right Man for President— Leonard Wood

The professional politician is going to have little to say about who is to be the next president of the United States.

Mr. Average Citizen is determined that this time the right man shall be president.

Men and women in all walks of life and from all sections of the country—lawyers, doctors, writers, economists, architects, financiers, sportsmen, college professors, farmers, workingmen, clerks, salesmen—all combine in saying that the right man is Leonard Wood!

Leonard Wood stands for everything that decent Americans stand for. He is an enemy to cowardice, stupidity, hypocrisy, political dishonesty.

He is 100 per cent. American. He was the close friend of the greatest American of our times—Theodore Roosevelt. He is not a politician. His record is without reproach.

Leonard Wood represents more than any other man, the traditions of Theodore Roosevelt. His reputation rests on his great ability as an executive and administrator. No other man is more vigorous, mentally and physically, or as well equipped by actual experience as Leonard Wood, to take up and carry the physical burdens of the presidential office.

Patience, generosity, every good impulse are needed at this critical time in our nation's life, but they must firmly co-operate with common sense, ability, justice and fairness.

The one man best qualified at this crucial time to lead us is Leonard Wood.

The Republican voters of Ohio are urged to remember the Preferential Primaries, Tuesday, April 27—to vote for the delegates pledged for Leonard Wood.

The Leonard Wood Committee of Ohio.
John H. Price, Chairman,
Columbus, O.

Gen. Leonard Wood

Roosevelt's Opinion of Leonard Wood

"During these 18 years he (Wood) has rendered to America service of the very highest value and of a kind that could be rendered only by a man of wholly exceptional ability and power, ardent in his big-hearted devotion to the honor of the Flag and the welfare of the nation."

HAWAII FIRST FOR PROHIBITION

(By Associated Press.)

Honolulu, T. H.—(By Mail)—Historians of the Hawaiian Islands assert that an Hawaiian monarchy was the first government in the world to put absolute prohibition into effect.

Kamehameha, the Great, first king of United Hawaii, in 1795, after having conquered all the other islands, issued an edict imposing prohibition. Its penalties were drastic. An offender was stripped of his property, real

In later years foreign nations forced liquor on the Hawaiians and its sale was general in the islands until the great war, when with the opening of the army training camps in the islands prohibition went into effect.

KEEN INTEREST IN NEXT MATCH

Interest in athletic circles next week centers around the finish wrestling match which will be staged between Paul Bowser, of Newark and Thor Olson, athletic instructor at Ohio University. Nothing better than a win would suit either of the principals and each man is particularly anxious to register a defeat against his opponent.

Another capacity house is expected, one of the main attractions will be a battle royal between five or six 150 pound men.

OPINION GIVEN BY APPEALS COURT

In the case of Herschel D. Chaffin vs. Tryphena Dixon, et al. the lower court was reversed. Hidy and Sanderson and Post and Reid for the plaintiffs, Gregg Patton and Gregg for the defendant.

FIELD LECTURER ADVOCATES USE OF FERTILIZER

S. M. Webb, a representative of the Swift Packing Company of Chicago, and an assistant sales manager, also a lecturer in the field, spoke to the Smith-Hughes agricultural students at the high school Wednesday. Mr. Webb spoke concerning the value of fertilizing in order to get better results, and especially in regard to the increase of the yield in corn.

Pamphlets were distributed among the students describing the "Thousand Bushel Corn Club". Any boy capable of raising one hundred bushels of corn per acre on ten acres is eligible to the club. Several of the class signed their intention of entering for the honor.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

nified their intention of entering for the honor.

The speaker declared that Fayette county, as far as natural environment is concerned, is about the best county in the state of which he knew for raising corn. Mr. Webb regretted that as far as he knew there was no one in the county who belonged to the corn club.

Taking the stand that Ohio is the champion corn producing state of the United States, Mr. Webb contended that the champion corn grower should be from Fayette county, but he ventured that this would never be unless fertilizer was applied in more instances than it is at present.
